KNOW US

Greenfizz Beverages Pvt. Ltd. : Greenfizz Beverages has a state of art plant in Singur, West Bengal with a massive capacity to produce 8,64,000 soft drink bottles (36,000 cases) per day. The entire processing and packaging equipments have been carefully selected from Industry Leaders like KHS, TetraPak, etc of Germany, Sweden and other countries. This ensures high quality product without compromising the productivity. The major goal of the company is to provide customers with Non Alcoholic Beverages of international standards with Indian flavours that refresh them to the core. With the same purpose, the company successfully started its own Non Alcoholic Beverage brand called Freshius. Within a very short period of time Freshius has become one of the fastest growing FMCG brand in Eastern India.
